

MEDICINAL.

The burnished plumage of the peacock owes its brilliancy and splendor to a healthy condition. Let the bird be sickly, and the plumage droops and grows dull. There is no exception in nature to the rule that beauty depends on health.

Women who see their beauty waning rarely associate the external change with failure of the womanly health. They do not understand the close relation of the general physical health to the health of the delicate womanly organism, until after being cured of womanly diseases by the use of Dr. Pierce's Favorite Prescription they find the color returning to the cheek and the flesh to the body.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Several years ago I was very poorly," writes Mrs. May Kelley, of Sylva, Kans., "so weak I could hardly walk across the floor, and at times suffered severely. I took two bottles of Dr. Pierce's Favorite Prescription and got well and healthy. I am now a picture of health. Your medicine has cured me. Almost everybody I meet says, 'You look so much better than you have for several years; you look well now.'"

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are a lady's laxative. Nothing equals them for gentleness and thoroughness.

Pain in Chest Sore Lungs Grip

How easy it is to catch cold! How quickly it settles on the lungs, and how often it neglected results in Grip, Pneumonia and Consumption! Many deaths are caused in the beginning by a slight cold.

will break up a cold on the lungs in a night. It should be applied when the first symptoms appear. Rub the chest with the medicine. Lay upon it a linen cloth wet with Hamlin's Wizard Oil and cover over with flannel bandage. No ordinary cold can withstand this treatment. Apply it at night just before retiring and in the morning the cold will be broken up.

Richard W. Thornton, Orray, Col., writes April 25, 1904: "My little girl, aged two years, had suffered more or less with cold since her birth and finally the trouble became serious. We tried remedies of several kinds and they seemed to have no relief. A friend of mine recommended Hamlin's Wizard Oil to me and after the use of one bottle she has become entirely well. I shall never be without Hamlin's Wizard Oil in my house. I cannot recommend it too highly."

There is only one Wizard Oil—Hamlin's—name blown in the bottle. Signature "Hamlin Bros." on wrapper. Take no substitute. 50c. and \$1.00.

WAR IN THE EAST.

Simultaneous with the reports from correspondents of the battle at Motien Pass, in which it now appears that the Russian losses were upwards of 2,000 and the Japanese losses over 300, come stories of severe fighting in the neighborhood of Tongchui, eight miles east of Tatchekiao. It is reported that the Russian loss on Monday night's engagement was 2,100 and the Japanese loss 1,200.

The Japanese also have been in active contact with the Russians east of Hancheng, where there have been many minor actions.

All along Kuropatkin's front and flank the Japanese are moving into position, but the general attack is being postponed until supplies and reinforcements come to the front. Progress along the muddy roads and mountain passes is slow.

From Chefoo comes another story, or a revival of an old one, brought by Chinese, of heavy Japanese losses at Port Arthur. The Chefoo dispatch, dated July 19, says: "A junk, with 8 Russians and 50 Chinese on board, arrived here yesterday afternoon, five days from Port Arthur. The Russians refused to talk, but the Chinese say that on July 11 and 12 the Japanese captured and occupied, with 4,000 men, one of the eastern forts near Port Arthur. Before reinforcements arrived the Russians cut off the 4,000 troops in the fort and exploded mines, which resulted in the killing of every Japanese soldier there."

The Chinese report also that the night before they left Port Arthur a Russian torpedo boat sank a merchant ship near Port Arthur, mistaking her for a Japanese transport. Many Chinese on board the merchantman were drowned, but the white crew of the steamer and a number of her Chinese passengers were rescued by the Russians.

If this story is true the steamer in question probably is the Hipsang, belonging to the Indo-China Navigation Company, and which on Monday was 48 hours over due from Nuchwang, and which was reported to have struck a mine. The local agents of the Hipsang say they believe the steamer to have been lost.

EDUCATION AND RELIGION.

In the presence of an audience, composed largely of New York State teachers in Chautauqua, N. Y., Rev. Alexander P. Doyle, editor of the Catholic World, made a spirited response to a recent utterance of Dr. Andrew S. Draper, recently the president of the University of Illinois and now commissioner of education for the State of New York. Father Doyle quoted Dr. Draper's address to the graduating class at the University of Illinois last month and said: "Originally America was a deeply and profoundly religious country, but the day is fast approaching when that can no longer be said with any truth. Of two generations now the children have been educated without any effort to strengthen their religious principles, and in fact the whole attitude of the public school has been to discourage and diminish interest in religious matters as secondary to industrial or political ambition and achievement. As a result we are fast losing our Christian ideals and drifting away into paganism. Disaster surely is written over our future unless we do something to inject the life-giving principle into the blood of our nation. The Catholic Church, convinced of the danger, has spent \$300,000,000 in building up a parish school system. This is her contribution to good citizenship, and not one penny of it came from public or private source. Catholics are quite content with the American policy of noninterference of the state in matters of religion. But where the State finds existing agencies doing its work of educating the children it is a matter of economical civic administration to utilize them and to pay for approved results. The time may come when the State will need more than now the strong and conservative arm of the Catholic Church to banish the socialism and suppress the lawlessness which present irreligion is surely breeding."

The Hot Wave. The hot wave which struck New York Monday, bringing death and prostration, increased yesterday to the highest temperature of the year and added more victims to the list. Five deaths from heat occurred in Brooklyn between noon Monday and noon yesterday. Four of the dead were infants, and the other was an aged man. In Manhattan there were 10 prostrations, but no deaths. The heat was greatest at 2 o'clock yesterday when thermometers on the street reached the 100 degree mark. The humidity was 48. From early in the day the parks were filled with women and children seeking escape from the oven-like temperatures, and every public bath in the city was crowded, with hundreds outside waiting their turn.

Unable to endure the excessive heat in his ill health, Frank D. Evans, of Pittsburgh, N. J., an undertaker, ended his life with a bullet early yesterday morning at the residence of his cousin, A. R. Johnson, in Philadelphia. He was 49 years old. Evans came to Philadelphia a week ago to visit his cousin.

To Continue the Fight.

Wm. J. Bryan passed through Chicago yesterday for central Illinois. He said that in this week's issue of his paper he would fulfill the promise he made last week in "outlining a plan of continuing the fight for economical reform within the democratic party." Mr. Bryan said: "The election of Judge Parker, instead of interfering with these reforms, will open the way for a successful fight by ridding the country of imperialism, by removing the race issue and by substituting the spirit of peaceful progress for the military and warlike spirit engendered by the actions and utterances of President Roosevelt. My statement is intended to encourage the reform element in the democratic party by showing that the fight, instead of being over, has in reality just begun."

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Trubart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine.
